Pause & Record:

Don't forget, you can pause & record your favorite TV shows! Schedule your recordings to watch later.

EPG:

This Electronic Program Guide (EPG) can be accessed on any channel from a pop out menu option on the remote, and allows you to see what's on 7 days in advance.

Android Platform:

The Android Platform is the software that the Little Genius works on. eg: Microsoft XP or Vista.

This Android Platform allows you to download apps on your TV!

Apps: Which are self-contained programs designed to fulfill a particular purpose.

For example, there is Noom app that helps/ tracks good health and exercise lifestyle. Apps on the Little Genius vary with user's preference. Apps already downloaded on your Genius are:

- Web Browser
- Calculator
- Calendar
- Clock
- Email
- File Explorer
- Music Player
- Video Player
- Google Play Store
- FaceBook
- Youtube
- Skype
- Twitter

Google Play Store:

Download Android Applications, music, books and similar content. Explore different categories of apps like business apps, health apps, game apps, entertainment apps or social apps just to name a few.

Downloading applications is easy as 1, 2, 3. Select application, click download and enjoy your newly installed app.
